

I Speak Jesus – Participation Info

The Invitation

God has been speaking to me about a song called 'I Speak Jesus'. The lyrics talk about day to day struggles we all go through. It also talks about Jesus in the streets, Jesus for my family and over every enemy.

As dancers we can bring light and movement into any situation through what we express with our body. This year I would love us to share a blessing of Joy over people we both know and don't know.

To encourage them that through it all Jesus is there. Let's be the light in the darkness, speak Jesus' name, power, healing and light.

My simple invitation is to step out and share some hope and joy with others.
